

Case1

T1: I've never chewed gum before.

Case2

T2: I've never drank a soda pop before.

Case3

T3: I've never done it before.

Case4

T4: The other place customer comes from is I've done it before but I'm unhappy with the way I'm doing it. So it's either somebody never done it, or somebody done it before, but they're unhappy.
